### "The Wynwood Walls and Doors"

The GO! Shop inside the Wynwood Walls is a street art wonderland. If there is one book worthy of stuffing into your suitcase, it is Goldman Properties' *The Wynwood Walls and Doors* (\$65). The photo book's 2012 edition highlights the area's art-centric transformation and exhibits murals inside and outside the walls. It also includes excerpts by the late Tony Goldman, as well as former MOCA Los Angeles curator, Jeffrey Deitch. *The Wynwood Walls and Doors* is exclusive to The GO! Shop.
